REQUEST FOR INFORMATION (RFI)

Ref.: CSSD/PLD/2018/075

Date: 6 August 2018

Subject: RFI for the provision of pharmaceutical products

UNRWA Health programme delivers comprehensive primary health care services, both preventive and curative, to Palestine refugees, and helps them to access secondary and tertiary health care services. These services include family planning, pre-conception care, antenatal care and postnatal follow-up, infant care (growth monitoring, medical check-ups and immunizations), school health, oral health, outpatient consultations, diagnostic or laboratory services and the management of chronic non-communicable diseases. Further information can be found at UNRWA's website at: <http://www.unrwa.org>

With more than 140 primary health facilities, UNRWA conducts almost 9 Million patient visits per year in its 5 field operations (Gaza, West Bank, Lebanon, Jordan and Syria). The annual procurement value of medicines varies from USD 15 Million to USD 18 Million.

You will find attached a representative list of medicines, which were procured by UNRWA in 2017. Should your company be able to manufacture and/or deliver the attached mentioned medicines (or alternatives), please do not hesitate to provide UNRWA with the attached excel table, **by 13 September 2018**, outlining the medicines that could be provided by your company. Should UNRWA conduct a tender at a later stage, please be informed that the listed documentation (certificates, analysis etc.) under Annex B will be required in vendor's bid.

Please note, this is not an invitation to submit price proposal and there is no obligation for UNRWA to invite companies that responded to this RFI in future tendering exercises.

This RFI contains the following:

Annex A: List of pharmaceutical products.

Annex A1: Excel table

Annex B: List of required documentation for pharmaceutical products.

Responses must be submitted before the above mentioned deadline to the following e-mail address PHARMA-RFI@unrwa.org

We look forward to receiving your responses.

Yann Kervinio

Chief Central Support Services Division

UNRWA, HQ (Amman)
