

REQUEST FOR EXPRESSION OF INTEREST FOR THE PROVISION OF DRA INJECTION PACKAGES – REF. 220609

Worley Europe Limited as EPCmC Early Services Contractor for EACOP Project invites experienced and reputable Contractors to express their interest in providing Chemical Injection Packages for installation both in Tanzania and Uganda - for the East African Crude Oil Pipeline (EACOP) Project.

The Republic of Uganda, the Uganda National Oil Company (UNOC), the United Republic of Tanzania and/or Tanzania Petroleum Development Corporation (TPDC), as well as other international oil companies partaking in the development of Exploration Areas 1, 1A, 2 and Kingfisher Discovery Area in the Albertine Graben in Uganda or their affiliates will participate in the implementation of the EACOP Project (Potential Pipeline Participants).

The EACOP Project development involves the engineering, construction, operation and maintenance of a crude oil export pipeline crossing Uganda and Tanzania and an onshore Marine Terminal in Chongoleani, near Tanga Port in Tanzania.

BRIEF DESCRIPTION OF THE SCOPE OF THE MATERIALS

The EACOP requirements for the Chemical Injection Packages (skid mounted) for Drag Reducing Agent (DRA) shall include, but will not necessarily be limited to:

- API 675 3rd edition, controlled volume injection pump complete with coupling, coupling guard, driver and all auxiliaries
- Chemical storage tank / vessel with all connections, instrumentation and mixer if specified in datasheet
- Quick coupling provision on pump suction if specified in datasheet
- Calibration pot
- Pulsation dampener
- All on-skid pipework, pipe supports and valves
- All on-skid instrumentation and electrical equipment, cabling, wiring, junction boxes and cable trays
- Structural Skid / Baseplate with drip pan / tray, deck plating, lifting lugs and earthing bosses; For larger Skids to include access platform, stairways, ladders as necessary
- Painting, packing and marking.
- Start-up and commissioning spares.

- Supply of 6 months product (OPTION).
- Supplier to confirm capability to conduct flow assurance studies.
- Inspection & testing – as specified in datasheet
- Documentation.

The scope will include design, sourcing of material and 6 months' supply of product, manufacturing, assembly, packaging, supply of drawings and data, all sub-vendors co-ordination, factory testing, delivery FCA vendor and guarantees.

MINIMUM REQUIREMENTS:

Companies expressing their interest are invited to document their request with:

- A commitment to and evidence that they have experience in developing local / national content value.
- Confirmation that they can manufacture (design / construction / inspection & testing / assembly) chemical injection package a pumps per API 675 3rd edition standards.
- Flow assurance studies experience (mandatory)
- An experience list for similar equipment supplied to the Upstream Oil and Gas market in the last five (5) years.
- A copy of their own and main suppliers ISO 9001:2015 and 14001:2015 & OHSAS 18001 (ISO45001:2015) current certification.
- Extracts from their Supply Quality Management Procedures, showing how material quality control is implemented in the supply chain and identify what positive material identification is implemented through the manufacturing process.
- A two (2) years look ahead shop loading charts for the facilities intended to manufacture, assemble and test.
- In plant and site installation works safety record.
- Delivery to schedule record over the previous 2 years.
- In country maintenance support capabilities.

Interested companies which meet the minimum requirements and have the capacity to provide the goods listed above should express their interest by sending together with the above listed documents an email to

EACOP-supplierinfo@worley.com (Max. Email Size: 20 MBs & All documents must be submitted in the English language) on or before 17:00 hours East African Time (EAT), on 9th July 2022 .

Companies satisfactorily meeting the above minimum requirements will receive, subject to the signature of a Non-Disclosure Agreement (NDA), a detailed pre-qualification questionnaire for further evaluation by Company.

EACOP project reserves the right not to consider companies that submit an incomplete dossier.

Note: Only pre-qualified companies will receive an invitation to submit their bid in furtherance of the Call for Tender process.
